

# Storm Safety Procedures

## Caution: Tornado

Anytime there is a threat of severe weather, staff will monitor weather radio/cell phone for warnings. Make an announcement advising customers of the danger.

In the event of eminent tornado all employees are advised to seek shelter including customers that may be in the store. Customers must be given a chance to leave the premises, if they desire.

The cash register must be closed and locked, grab a flashlight, lock entrance doors.

Once you are inside the Designated Tornado Shelter please call management and advise.

## The Designated Tornado Shelter for this store is:

---

A couple of cooler doors should be propped open with cases of product. This will allow staff to exit the cooler in the event the entrance door is blocked.

## Store Evacuation Procedures

In the event store evacuation is necessary, close and lock the cash register, lock the front door and leave the premises.

## The Designated Meeting Place is:

---

Once you have reached the Designated Meeting Place, please call management and advise.
